COULD NOT WALK

And For Four Years, Could Not
Stand Without Support.

Chilllicothe, Ohio—"Nothing pleases
me more than to speak a word of
praise for Cardui, the woman's tonic,"
says Mrs. Ed Davis, of this town,
"for I firmly believe that it snatched
me from the grave."

I have been married 14 years, and
had two children. After the youngest
was born, I was not able to walk, and
for four years, I was not strong enough
to stand on my feet five minutes at
the time, without something to support
me.

Nothing seemed to do me any good,
until, finally, I commenced using
Cardui, the woman's tonic. I only used
about four bottles, but, today I am
well, can do my work, and walk as far
as I want to.

I can never praise Cardui enough,
and my neighbors cannot get done
wondering at the change in me."

You, too, can depend on Cardui, be-
cause Cardui is a gentle, harmless,
vegetable tonic, that can do you nothing
but good.

Prepared from vegetable herbs, Cardui
has a specific effect on the womanly
constitution, and puts strength
where it is needed.

Try Cardui.

Sheriff's Sale

tate, to-wit:

dition to the City of Keytesville,
Chariton County, Missouri.

County, and State of Missouri,

much thereof as may be required,

ject to all prior liens or judg-

10 CENT "CASCARETS" IF BILIOUS OR COSTIVE

For Sick Headache, Sour Stomach,
Sluggish Liver and Bowels—They
work while you sleep.

Furred Tongue, Bad Taste, Indiges-
tion, Sallow Skin and Miserable Head-
aches come from a torpid liver and
clogged bowels, which cause your
stomach to become filled with undig-
ested food, which sours and ferments
like garbage in a swill barrel. That's
the first step to untold misery—indig-
estion, foul gases, bad breath, yellow
skin, mental fears, everything that is
horrible and nauseating. A Cascaret
to-night will give your constipated
bowels a thorough cleansing and
straighten you out by morning. They
work while you sleep—a 10-cent box
from your druggist will keep you feel-
ing good for months.

By BEATRIZ MICHELENA

terms "motion picture actor" and "motion picture actress" might
be discarded as misleading.

The secret to success in a film appearance lies in one's actually
living her part—in almost unconsciously doing the natural thing
under the circumstances with no studied attempt for effectiveness.
On the screen every artificial gesture and facial expression is glaringly
noticeable and always ruins the illusion that the action should
create.

This is much more the case with pictures than with the stage.
On the stage a certain degree of artificiality is always accepted
and even expected. The scenic settings and lighting effects are
always admittedly artificial, and a small amount of like artificiality
in the action and voice is consequently not out of harmony with
the general atmosphere.

Pictures, on the other hand, must be realistic down to the last
detail. There are real mountains and rivers and buildings. There
must also be real men and women living in the real natural way.
Beside this argument of harmonious atmosphere, another for
naturalness of action in film is the fact that the screen places the
picture performer right out face to face with the spectator. The
girl in pictures is under a closer and much more searching in-
spection than her sister of the stage.

"But," I hear some one say, "One loses the advantage of spoken
words on the screen; consequently must she not all the more de-
pend on gesture and facial expression to make herself understood?"

When I answer "True, very true—and especially must she de-
pend on facial expression," I know that some of you will think
that I have been trapped into contradicting myself. But I haven't.
We must have facial expression, but must achieve it without being
artificial. I will tell you more about it in my next "talk."

Catarhal Deafness Cannot Be Cured
by local applications, as they cannot reach
the diseased portion of the ear. There
is only one way to cure catarhal deafness,
and that is by a constitutional remedy.
Catarhal Deafness is caused by an in-
flamed condition of the mucous lining of
the Eustachian Tube. When this tube is
inflamed you have a rumbling sound or
imperfect hearing, and when it is entirely
closed, Deafness is the result. Unless the
inflammation can be reduced and this tube
restored to its normal condition, hearing
will be destroyed forever. Many cases of
deafness are caused by catarrh, which is
an inflamed condition of the mucous sur-
face. Hall's Catarrh Cure acts thru the
blood on the mucous surfaces of the sys-
tem. We will give One Hundred Dollars for
any case of Catarrhal Deafness that can-
not be cured by Hall's Catarrh Cure. Circulars

Annie Oakley instructed 800 in

The Elks of the west are plan-
ning a trap shooting league.
They have a number of gun clubs.

Two of the best shots in the
Boise City, Idaho, gun club are
women, Mrs. W. A. Reason and
Mrs. E. C. Grice.

Many gun clubs are giving a
silver spoon at each shoot to the
high score and from reports the
spoons are being pretty well dis-
tributed.

The best score made by woman
at trap goes to Mrs. Richard Mc-
Sherry of Baltimore, Md., but
this record would appear incor-
rect in view of the higher scores
made by both Mrs. Reason and
Grice of Boise City, Idaho.
However, there is a difference
between official and plain every
day shooting, which may account
for the standing of Mrs. Mc-
Sherry.
